STORY ENDING Missed connection Not to blame, but The game is a decryption game, story of the protagonist is a decryption leisure game. There are 13 chapters, after each mission you can still play through the story, the game is in a persistent world, the protagonist will not be impacted. Players only have to solve the mission, and they need to find the connection between all the pictures and completing the game. Now the game is the first chapter, a total of 13 preliminaries. Why do we live more lonely when the city is bigger? This may be the story of all of us. After leaving campus and stepping into the society, we gradually lost time and friends in the work and life of leaving early and returning late. The protagonist is an ordinary office worker, whose day-to-day work makes him have no time to care about the colorful city. Working overtime is longer and shorter, free life is shorter and shorter, and he is trapped in a prison called reality with numerous inner demands. Until one day, the protagonist's first encounter with a girl in the subway, like the sun after the rain, not only touched the protagonist's heart, but also ignited his yearning for free life. He resolutely left the company on a rainy night and devoted himself to love and free life. After the protagonist is satisfied with the city, and he can complete the mission, you can in vain search for the next story. If the player wants to know more about the game and the story, they can return to the opening point and continue. Game "Elizabeth" Gameplay: STORY ENDING Missed connection Not to blame, but The game is a vector style background image with rich character animation. The puzzles of each level are very brain burning, suitable for puzzle lovers to play. Game "Elizabeth" Gameplay: STORY ENDING Missed connection Not to blame, but Now the game is the first chapter, a total of 13 preliminaries. Why do we live more lonely when the city is bigger?
