A microphone for detecting acoustic waves is indispensable to a detection device of a variety of sound sources such as a speech analyzer, a vocoder, a microphone array or the like. As an acoustic wave detection device, a microphone of the resistance type or the capacitance type using a pressure-sensitive element is known. In particular, the microphone of the capacitance type is a so-called condenser microphone. As a microphone of the capacitance type, a microphone in which a diaphragm and a back plate are opposed to each other in a vacuum container is known (see, for example, JP-A-6-279200 corresponding to U.S. Pat. **What's new:**

appeared on Chi Chi TV's screen live for the first time on March 15, 2005. That's a Saturday. Since then, Moo Moo Move have had eight comedy specials on TV in Korea and China. The most recent, "Moo Moo Move 2017," came out this month. The word for "OKCupid" in Korean is "미디아메리카매치(Midi America Match)" — a pun on the dating website's name. When the student group's members play with memes during their performances, they say things like "match" like they're holding hands or line up in an American nail salon. Move is printed on the first page. "미디아메리카매치" is right there on the cover — "Midi America Match." The letter that everyone signs is on the back — a graphic of a heart and the phrase "꼭 잊지 않아요 (I won't forget)" above. The rest is a picture of someone holding his heart. I heard the members talking backstage before the show about how they all exchanged Valentine's cards after a while when they first signed up for the phone app. They told each other that it's OK if you're gay, and that the app would let you know if you're the type to put up your address. I spoke with Ssul Kim, who plays Female Comedian, onstage. Q: Oh, this is where I say "hi, I'm Mai." Q: Why did you sign up for the site? A: I don't know whether it was destiny or bad luck. [Everyone laughs.] The first time I tried to find a person and look through the pictures, he would make all the wrong faces and I would tell the audience to [in a fake American accent] "fix that" all the way through. He said that he thought I was the craziest person on the site. So I didn't look for a woman and finally I got my opportunity. She gives this boyfriend's phone number during her act. Q:
